Note: The fifteen or eighteen-day public comment periods are the minimum time periods required by regulation prior to submission of a Request for Release of Funds and Certification (form HUD-7015.15) to HUD/State. The Responsible Entity may choose to allow a longer comment period. 24 CFR Part 58 requires, at Section 58.46, "Time delays for exceptional circumstances," a 30-day comment period for controversial or unique projects or those similar to projects normally requiring preparation of an Environmental Impact Statement. The fifteen-day objection period is a statutory requirement. The objection period follows the submission date specified in the Notice or the actual date of receipt by HUD/State, whichever is later.

Following completion of the comment period recipients may FAX the form HUD-7015.15 to HUD/State together with a copy of the public notice and a cover letter

stating whether comments were received and, if so, how the recipient responded to the comment. The Request for Release of Funds and Certification should not be submitted before the recipient has responded. If the request is sent by FAX, the original signed form should be mailed to HUD/State. The date of receipt by FAX will be counted as the submission date. However, HUD will not issue the 7015.16 "Authority to Use Grant Funds" until after the original signed form is received.
